

CONTENTS

RESEARCH ON ECHINODERMS IN LATIN AMERICA

- José Enrique Barraza & Carlos Roberto Hasbún**
The echinoderms (Echinodermata) from El Salvador. [In Spanish with English abstract] 139-146
- Harilaos A. Lessios**
Echinoids of the Pacific waters of Panama: Status of knowledge and new records. 147-170
- Milena Benavides-Serrato, Giomar Helena Borrero-Pérez, Óscar D. Solano & Gabriel Rodolfo Navas**
Taxonomic list of the asteroids (Echinodermata: Asteroidea) from the continental shelf and superior slope of the Colombian Caribbean. [In Spanish with English abstract] 171-194
- Raúl Neira O. & Jaime R. Cantera K.**
Taxonomic composition and distribution of the echinoderms associations in the littoral ecosystems of the Colombian Pacific. [In Spanish with English abstract] 195-206
- L. F. Netto, V. F. Hadel & C. G. Tiago**
Echinodermata from São Sebastião Channel (São Paulo, Brazil). 207-218
- ECOLOGY
- Ernesto Weil, Juan L. Torres & Mayra Ashton**
Population characteristics of the sea urchin *Diadema antillarum* in La Parguera, Puerto Rico, 17 years after the mass mortality event 219-231
- Héctor Reyes Bonilla, Adriana González Azcárraga & Aracely Rojas Sierra**
Sea star (Asteroidea) association structure on the rocky reef in the Gulf of California, Mexico. [In Spanish with English abstract]. 233-244
- Carlos E. Cintra-Buenrostro, Héctor Reyes-Bonilla & María Dinorah Herrero-Pérez**
Oceanographic conditions and diversity of seastars (Echinodermata: Asteroidea) in the Gulf of California, México. 245-261
- Tania Herrera-Escalante, R. A. López-Pérez & G. E. Leyte-Morales**
Bioerosion caused by the sea urchin *Diadema mexicanum* (Echinodermata: Echinoidea) at Bahías de Huatulco, Western Mexico 263-273

Juan José Alvarado & Cindy Fernández

Echinoderms from Marino Ballena National Park, Pacific, Costa Rica. [In Spanish with English abstract] 275-284

Natalie Bolaños, Amandine Bourg, Javier Gómez & Juan José Alvarado

Diversity and abundance of echinoderms from reef lagoon at Cahuita National Park, Caribbean from Costa Rica. [In Spanish with English abstract] 285-290

Mario Monroy López & Oscar David Solano

Population state of *Echinometra lucunter* (Echinoidea: Echinometridae) and its accompanying fauna on Caribbean rocky littoral from Colombia. [In Spanish with English abstract] 291-297

REPRODUCTION

Tamara Rubilar, Catalina Pastor & Enriqueta Díaz de Vivar

Timing of fission in the starfish *Allostichaster capensis* (Echinodermata: Asteroidea) in laboratory 299-303

Santiago Montealegre Quijano & Alfredo Gómez Gaspar

Reproductive cycle of *Lytechinus variegatus* (Echinoidea: Toxopneustidae) in the south of Margarita Island, Venezuela. [In Spanish with English abstract] 305-312

AQUACULTURE

Olga Gómez M. & Alfredo Gómez G.

Embryonary and larval development of *Lytechinus variegatus* (Echinoidea: Toxopneustidae) in laboratory conditions at Isla de Margarita-Venezuela. [In Spanish with English abstract] 313-318

Esperanza Buitrago & César Lodeiros Seijo

Larvae and postlarvae production of the green-white sea urchin *Lytechinus variegatus* (Echinodermata: Echinoidea) in culture conditions. [In Spanish with English abstract] 319-328

Marina García, Jesús Rosas, Iván Hernández, Aidé Velásquez, Tomas Cabrera & Carlos Maneiro

Larval survival and growth of *Arbacia punctulata* (Echinodermata: Echinoidea) fed with five micro-algae at two salinities. [In Spanish with English abstract] 329-336

David Astudillo, Jesús Rosas, Aidé Velásquez, Tomas Cabrera & Carlos Maneiro

Larval growth and survival of *Echinometra lucunter* (Echinoidea: Echinometridae) fed with the micro-algae *Chaetoceros gracilis* and *Isochrysis galbana*. [In Spanish with English abstract] . . . 337-344

Salas-Garza, A., E. Carpizo-Ituarte, G. Parés-Sierra, R. Martínez-López & R. Quintana-Rodríguez

Juvenile production of the red sea urchin *Strongylocentrotus franciscanus* (Echinodermata: Echinoidea) in Baja California, Mexico. [In Spanish with English abstract] 345-355

FISHERY

María Dinorah Herrero Pérezrul & Ernesto A. Chávez

Optimum fishing strategies for *Isostichopus fuscus* (Echinodermata: Holothuroidea) in the Gulf of California, México 357-366

Patricio M. Arana

Demography and fishery of the sea urchin *Loxechinus albus* (Echinodermata: Echinidae) in the south-austral Chile region. [In Spanish with English abstract]. 367-382
