

Guidelines for getting a parcel through Swedish Customs

1. Use the following address for shipment:

Herbarium
Swedish Museum of Natural History
Svante Arrhenius väg 3
SE-114 18 Stockholm
Sweden

Do NOT add the name of a person.

2. When entering the address please add as contact:

Johannes Lundberg

Phone: +46721-827792

Email: herbarium@nrm.se

3. In the customs declaration the contents should be described as:

“Dead, dried Herbarium specimens for scientific studies. No commercial value.”

or words to that effect.

4. If you have to declare a value for the parcel to clear your own nations customs, add:

“Of no commercial value, value for customs purposes only.”

5. Attach a label to the outside of the parcel with these or similar wording:

“Fragile. This package contains dried herbarium specimens for scientific studies. Handle with Extreme care. Of no commercial value”

Use red or other distinctive coloured paper.

Example:

6. Phytosanitary certificates are usually not necessary for importing herbarium materials into EU countries.

7. Be aware that incoming parcels will be subject to freezer treatment to kill pests. If the parcel contains materials that are sensitive to this make sure to notify us in advance.
